

Vermouth & Burgers – Who could say no to that?

Sunday mornings are getting a whole lot cooler in Madrid thanks to the revival of the city's "*aperitivo*" culture (i.e. Sunday morning drinking) and Madrid's very own pop-up, **La Vermutería**, is one of the main players behind it all! Check out their event this Sunday, called "[Hoy voy a ir al grano, te voy a meter mano](#)" (*Today I'll go straight to the point, I'm going to feel you up...*) which will be held at [Meat](#), a restaurant/bar near Alonso Martínez. You can't pass up the chance to go to a Vermouth & Burgers party on Sunday now can you?
