

Mercado de Motores, Madrid's coolest flea market!

[Mercado de Motores](#) takes over the city's **Museo del Ferrocarril** (*train museum*) on the 2nd weekend of every month for a fantastic flea market experience. This month's market will be held on **Saturday, Nov. 8th** (11am-10pm) & **Sunday, Nov. 9th** (11am-8pm). You won't want to miss it. Although it can get extremely crowded, you'll enjoy walking through the many vintage clothing and independent designer stands that are set up along the museum's train platforms. And the best part is the outdoor area that has tons of fantastic food stalls serving all types of food ranging from traditional Spanish treats to hamburgers and hotdogs. Plus there's live music too!
