TEDx Youth Madrid: Watch under 20 year olds talk about their passions at Caixa Forum

Madrid has a very active TEDx community. Every year, the city holds a major <u>TEDx Madrid</u> event for up to 600 people. Every month, free TEDx salons are held at La Casa Encendida where they screen past TED talks followed by open audience discussion. And throughout the year, local neighborhoods host their very own talks, such as TEDx Cibeles and even TEDx Gran Vía.

We at Naked Madrid find our favorite to be <u>TEDxYouth Madrid</u>, which is taking place this Sunday at 10:00am at Caixa Forum. This annual event invites young speakers (under 20) to get up on stage and speak about their passions, ambitions and projects (in Spanish). It is a truly inspiring event.

You must reserve your free ticket <u>here</u>. If the space fills up, you'll also have the opportunity to watch the <u>live streaming</u>.
